

Equity Focused Scholarship in STEM Courses Workshop

STEMEquity

[Questions of comments contact link.](#)

Apply by Tuesday October 4th, [link.](#)

Purpose: Build collaborations engaging in scholarship, research, or evaluation to support equity. Discover new tools to engage in research with colleagues and learning assistants.

Activity: Synchronous and asynchronous activities to explore research methods and frameworks to build a research plan. Examples will draw on the LA model but participants do not need to be familiar with the LA model.

Outcome: Develop a research plan and team to engage in equity focused research 2022/2023.

Saturday October 22nd 2022.

Synchronous activities 12-4 PM ET.

...becoming in L.A., oh my God, that helped me so much with gaining my confidence, 'cause I really lacked confidence in my skills, because I just didn't- I didn't do well in intro levels, because I was just so, like not focused at school and I was going through a hard time. But being an L.A. made me more confident in myself.

Tentative Schedule

Preparation activities.

Sharing research interests and goals to form affinity groups.

Presentations on research tools and methods.

1. The [LASSO](#) Platform
2. [EQUIP](#) tool
3. Interviews
4. Institutional Research or Grade Data

Working in affinity groups to develop and implement research plans.

This workshop compliments but does not require participating in the Learning Assistant Alliance [Essential Elements workshop 10/18](#) and [international conference 11/11](#) and the [PEER](#) workshops.
